Preface	5
1. Population of CIS countries	
Population	
Resident population according to the data of population censuses	21
Dynamics of the number of resident population (graph)	23
Distribution of population by nationality	26
Average age of population	28
Dynamics of the number of resident population	29
Population of the countries of Commonwealth in total population of the CIS (graph)	29
Resident population of the capitals (graph)	30
Number of population by sex and age group	31
Natural movement of population	
Number of births	32
Crude birth rate	32
Reproduction rates and mean age of mother at birth of a child	33
Number of deaths	34
Crude death rate	34
Death rate of males and females aged 20-49	35
Infant mortality rate	36
Natural increase of population	37
Natural increase rate	37
Expectation of life	38
Marriages and divorces	
Marriages and divorces	40
Migration of population	
Interstate and intra-state migration	41
Net interstate migration	42
Intensity of interstate migration (graph)	43
Migrants by age and sex	44

Streams of interstate migration	46
Number of immigrants arrived for permanent residence from non-CIS countries	48
Number of outmigrants for permanent residence beyond the bounds of the CIS countries	49
International comparisons (graphs)	
Population by age group	50
Total fertility rate	51
Life expectancy at birth	52
Age of retirement	54

2. State of health of population

Medical care

Number of medical institutions	57
Number of medical personnel and number of hospital beds	58

Morbidity of population

Morbidity of population by main diseases groups	59
Morbidity of population by selected diseases	63

Occupational injuries

Number of persons suffered from accidents in industry	67
Temporary disablement of employees by cause of occupational injuries	68
Number of persons newly registered as disabled	69

Mortality of population

Deaths by main groups of causes of death	72
Mortality of males and females by main groups of causes of death	76
Deaths from accidents in industry	78
Infant mortality by main groups of causes of death	79

3. Education and culture

Pre-school upbringing

Pre-school establishments	83
Number of children in pre-school establishments	84
Provision of children with pre-school establishments	84

Secondary general education

Day-time general education schools	85
Number of non-state (private) day-time general education schools and number of pupils in them	87
Number of pupils of the first grades of the day-time general education schools	89
Graduates from day-time general education schools	89
Number of shifts in day-time general education schools	90
Distribution of the number of pupils of day-time general education schools by languages of teaching	92
Number of schools for disabled children and pupils enrolment	93
Number of teachers in day-time general education schools	95
Primary and secondary professional education	
Primary professional education establishments	97
Secondary specialized education establishments	99
Entrants in secondary specialized education establishments	100
Graduates from secondary specialized education establishments	100
Education at the state secondary specialized education establishments including on a payment basis	101
Non-state secondary specialized education establishments	103
Share of students of specialized education establishments on a payment basis	105
Higher professional education	
Higher education establishments	107
Entrants in higher education establishments	108
Graduates from higher education establishments	108
Education at the state higher education establishments including on a payment basis	109
Non-state higher education establishments	111
Share of students of higher education establishments on a payment basis	113
Number of students in secondary specialized and higher education establishments per 10 000 population	115
Share of women in composition of students in secondary specialized and higher education establishments	116
Post-graduate education	117

Activities of cultural institutions

Number of museums and their attendances	119
Number of professional theatres and their attendances	120
Number of popular libraries	121
Attendances of libraries	121
Number of film shows attendances	122
Number of circus and their attendances	123
Number of zoo and their attendances	124
Establishments of aesthetic education	125
Ratio of expenditure of budgets (consolidated) for socio-cultural measures and GDP	126

4. Economic activity of population

Economically active population

Number of economically active population	129
Level of economic activity of population (graph)	130

Employment

Number of employed population	131
Employment rate (graph)	133
Share of employees (graph)	133
Distribution of employed population by status in employment	134
Distribution of employed population by spheres of activities (graph)	135
Number of employed population by main spheres of economic activity	136
Hours actually worked at large and medium enterprises	138
Foreign labour force	140

Unemployment

Number of unemployed and unemployment rate	142
Unemployed by sex	143
Youth unemployment rate	145
Distribution of unemployed by methods of seeking work in 2010 (graph)	146
Number of unemployed registered at public employment offices	147

Average duration of unemployment	148
Distribution of registered unemployed by duration of unemployment in 2010 (graph)	148
Number of unemployed receiving unemployment benefits	149
Dynamics of the number of vacant working places claimed by enterprises to employment offices	150
Job placement of unemployed citizens by employment offices	150
International comparisons	
Dynamics of the number of employed population in the countries of the world	151
Unemployment rate in the countries of the world	153
Dynamics of the unemployment rate in the countries of the world (graph)	154
5. Material living conditions of population	
Money income	
Money income per capita	157
Indices of real disposable money income of population	158
The growth rates nominal and real money income of population in 2010	159
Subsistence minimum	
Subsistence minimum level	160
Dynamics of the subsistence minimum and aggregate consumer price index	161
Subsistence minimum level by social and demographic groups	162
Wages and social payments	
Average monthly nominal wage in economy	163
Indices of average monthly nominal and real wages	165
Differentiation of workers by level of wages	166
Average monthly nominal wages by capitals	167
Average monthly nominal wages by capitals counted at average year courses of national currencies to the Russian roubles, US dollar and euro	168
Arrears of wages by kinds of economic activity	169

Established minimum of labour remuneration	170
Average unemployment benefit	171
Average pension	172
Minimum age pension	174
Number of persons receiving pensions	176
Number of pensioners by main types of labour pensions	177
Incomes and expenditures of households (according to the returns of sample surveys)	
Main sources of money income of households	178
Distribution of common fund of money income (disposable resources) of households by 20% groups of population in some CIS countries	180
Income ratio at 20% of population with the highest income and 20% of population with the lowest income (graph)	182
Distribution of common fund of money income (expenditure) of households by 20% groups of population in some countries of the world	183
Selected indicators of inequality of distribution of income (expenditure) of population	184
Gini coefficient (graph)	186
Purchasing power of disposable money income of surveyed households	187
Structure of consumer expenditure of households	189
Structure of consumer expenditure of urban and rural households in 2010	191
Composition of food substances and caloricity of consumed foodstuffs	193
Consumer goods and prices	
Consumption of main food products per capita	195
Provision of population with consumer durables	197
Consumer price index of food and non-food goods and services	198
Consumer price index of goods and services in 2010 (graph)	201
Consumer price index of food in 2010 (graph)	202

6. Housing conditions and environment

Housing conditions

Average provision of population with total dwelling space	204
Dwelling stock by types of ownership	205
Commissioning of total area of dwelling houses	210
Number and average size of constructed apartments (houses)	211
Distribution of apartments by number of rooms	212
Facilities of urban dwelling stock	213
Number of urban families improved their housing conditions	215

Environment

Brief geographical characteristics	216
Water intake from natural sources for consumption	220
Use of water for household and drinking purposes	221
Number and total area of especially protected territories (national parks, nature reserves, wildlife preserves, special hunting reserves)	222
Investment in fixed capital for environment protection and rational use of natural resources	223

7. Criminality

Registered crimes	227
Characteristics of offenders.	230
Number of registered crimes per 100 thousands of population	232

**8. Social-demographic indicators
of the CIS countries**

Azerbaijan.	234
Armenia	246
Belarus	260
Kazakhstan	274

Contents

Kyrgyzstan	286
Moldova	298
Russia	312
Tajikistan	324
Ukraine	336
9. Methodological notes	365
Comparable table “Exchange rates of national currencies”	376
Persons responsible for the abstract sections	379
